

Projection Screens

Our projection screens can be used for optimum results, with bright colour, and good definition – and are built to the highest standards.

Manual Wall Screens – Matt White

Available in 84”, 100” & 120” diagonal in size.

Electric Screens – Matt White

Available in 100”, 120” & 150” diagonal in size.

Installation

There are four methods of mounting to include (see fig. 1):

Flush against wall, Suspended from ceiling, Suspended with brackets and Recessed above ceiling.

The keyhole slot at the back of the hanging bracket is for flush wall suspension. Position screws or other fasteners into wall and hang screen by using slots.

The hole on the top of the hanging bracket is for ceiling suspension (see fig. 2).

Screen Description & Size 屏幕規格及尺寸				
Model Name 型號	Description 產品描述	Stock Number 貨號	Remark 備註	
W84M	84 inches(4:3) Matte White, Manual	XY003802721	Auto-lock Design 自動鎖定設計	
W100M	100 inches(4:3) Matte White, Manual	XY003801962		
W120M	120 inches(4:3) Matte White, Manual	XY003801970		
W100E	100 inches(4:3) Matte White, Electric	XY003801889	Quiet Design 超靜音電機	
W120E	120 inches(4:3) Matte White, Electric	XY003801814	Quiet Power Motor 超靜音強力電機	
W150E	150 inches(4:3) Matte White, Electric	XY003801855		

Dimension & Data 尺寸				
Type	Size(4:3)	Projection Area (mm ²) / (")	Length of the Outside Cover (mm) / (")
